Consequences

In case of an effective withdrawal, the mutually received benefits are to be returned and surrendered if necessary (eg interest). If you can not or partially, or only return them in

deteriorated condition or give us the performance received and benefits (eg benefits), you have to pay us compensation. For the deterioration of the thing and the use already, you must pay compensation only if the uses or the deterioration is due to a deal with the matter, beyond the consideration of the characteristics and functioning. By "testing the properties and functioning" refers to the testing and trying out the goods, as it is possible and customary in a retail store. Transportable items are to be returned at our risk. You have to bear the cost of returning the goods if the delivered goods correspond to the ordered and if the price of the returned goods does not exceed an amount of EUR 40.00 or if you're at a higher price the thing at the time of the revocation yet the return have been rendered or a contractually agreed part payment. Otherwise the return is free for you. Not parcel things do you pick. Obligations to reimburse payments must be fulfilled within 30 days. The period begins for you with the dispatch of the Conditions or the goods, for us with their reception.
